

How to Make a Plant Life Cycle Booklet

Step 1:

Color all of the pages and cut them out.

Step 2:

Fold all of the pages on the dotted line.

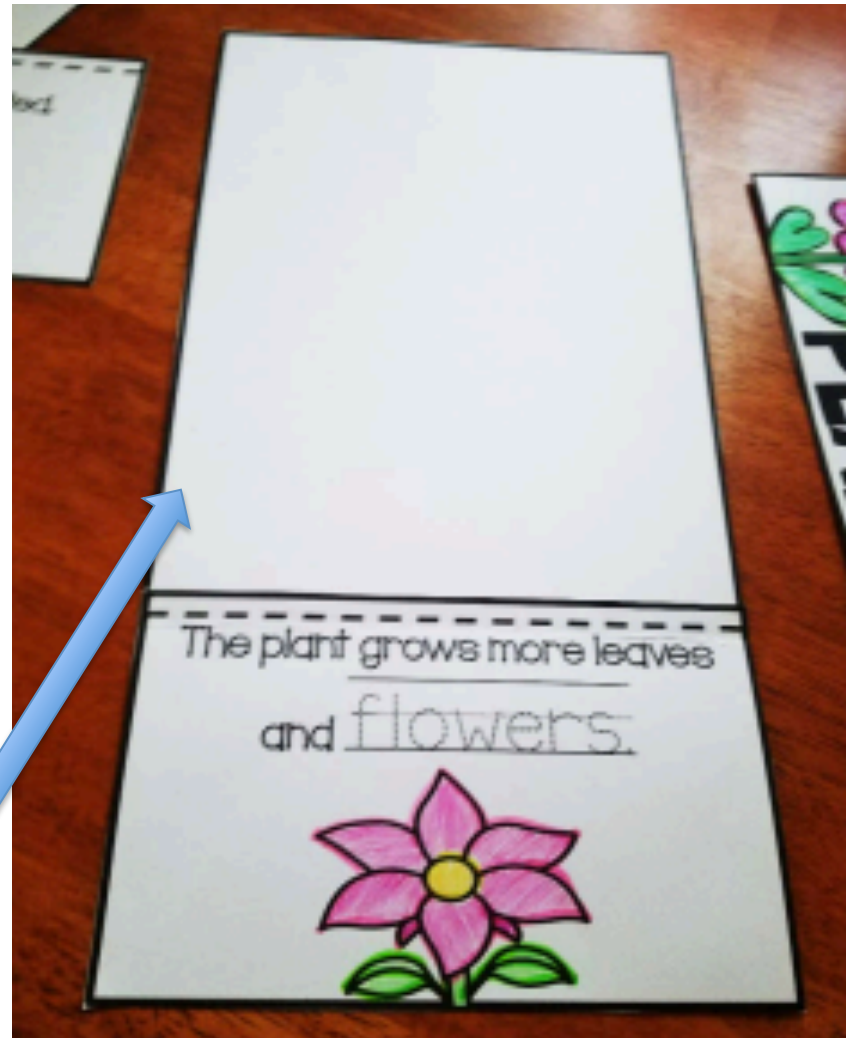

Fold here! - - - - >

Step 3:

Put **one line** of glue on the back at the **top**. (above the line)

Stick it to the big white page.

Step 4:

Take the next picture (plant) and glue the top of it to the paper so that it covers everything except the picture.

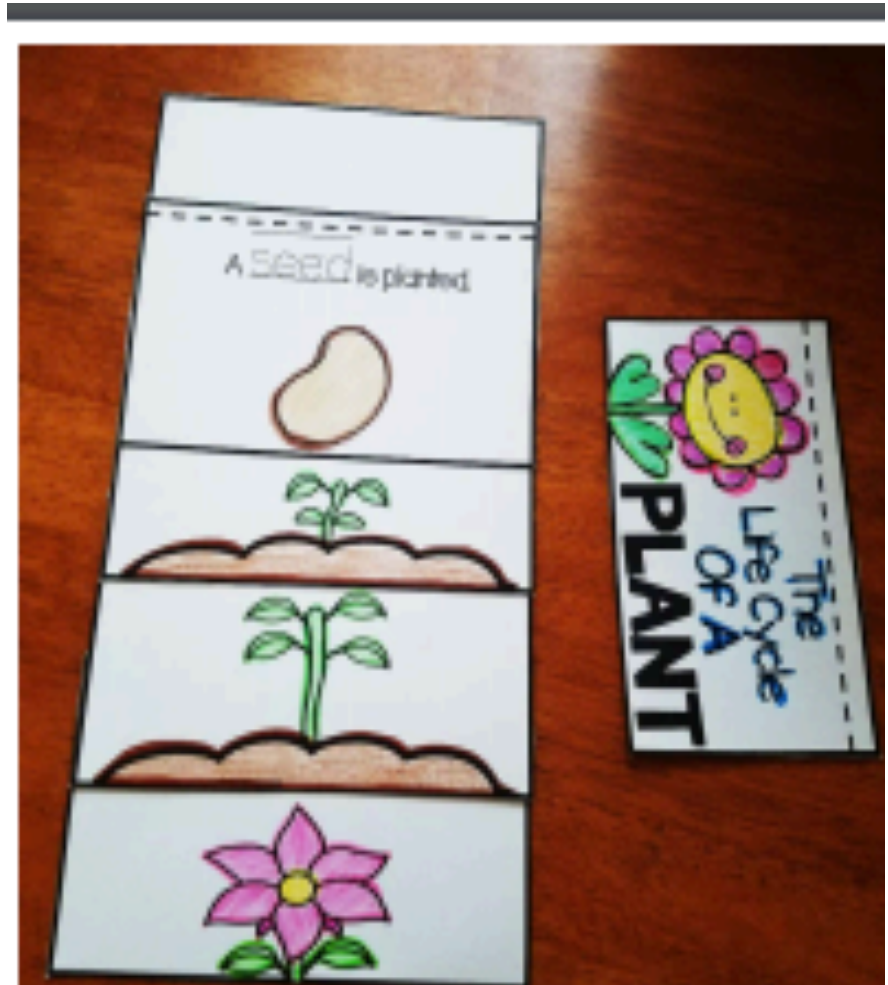

Step 5:

Do the same thing with the seedling picture.

Step 6:

Do the same thing with the seed picture.

Step 7:

Glue the cover
of the book to
the top of the
page!

Write your name!

Great
job!!
